## REPORTS:WOMEN - Lois Anderson

Four Tuesdays have passed again and 2 of them have been wet though we did halt play for 30 minutes on the 18th June before proceeding, and had a stableford match for everyone.

The delayed Hewton/Murphy and Duncan match play got started on 25th May. Subsequent matches are to played in players own time.

On 11th May we played for the Eagles raising money for 'youth' and The Murray Halberg Trust. As it's a stableford match the members attending are randomly mixed and it's an opportunity to play with members who we haven't played with for a while.

The first week in June saw the course closed as there was extra puddles owing to the heavy rain over the weekend.

MEN'S & MIXED MATCH - Scott Saunders -  
TBA

FINANCE - Leslie McAuley - - Tabled

MEMBERSHIP - Leslie McAuley - discussed and attached

D Pamment/S Saunders CARRIED

HOUSE - Dale Pamment/JR

CHILLER

The temporary repair prior to the Jubilee weekend has continued to perform to satisfaction. Hopefully, this will continue until the complete upgrade is done.

DUTY MANAGER

Graeme Henshaw has agreed to provide cover during my absence. Ange has submitted the paperwork to the Licencing authority and Police. I'm fairly certain I have enough stock on hand to cover my time away, however, if we run out of something urgent, bar staff have been asked to contact Dale who has agreed to arrange.

SUPPLIERS

New World have finally got an order completely right. Wonders never cease!

MAINTENANCE

Thank you for getting the folding door fixed. The men's urinal has a continual water leak which could be a cost to the club in paying water rates. The water leak under the concrete pad under the wheelie bin storage still has not been repaired, so could the urinal be looked at the same time please. *Dale to organise CJ Plumber*

EFT-POS TECHNOLOGY

Just something to keep in mind going forward. There is a growing number of people who try to use 'PAY WAVE/TAP IN GO' on the EFT-POS machine. To a lesser extent, a few people want to access credit card. This option is too expensive at present. The Government is currently putting pressure on bank charges in this area, so we could move into updated technology sooner than thought?

MICE

The bait traps are being monitored weekly. After the initial 'rush' on the baits, there is less being eaten since. Hopefully there have been no reported sightings of them lately?

BAR REVIEW UPDATE

I haven't heard any committee updates on the following items:

- Emergency Lighting - *Scott Saunders looking into*
- Evacuation Scheme *Scott Saunders looking into*
- Building Warrant of Fitness *Scott Saunders looking into*
- Back-up Bar Manager with Lincoln Bowls Club *Ange to organise with Nancy Marony (bowls Secretary)*

Could someone let me know progress please.

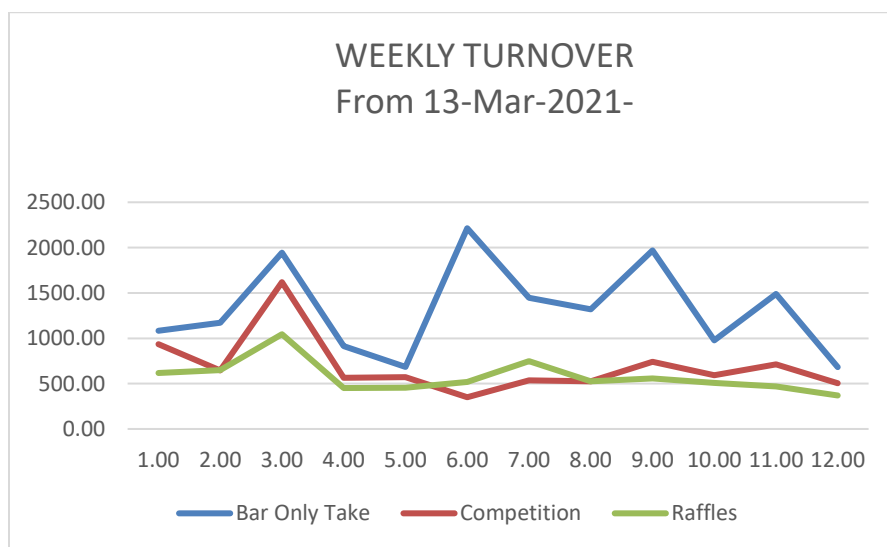

Reports: D.Pamment/A Fowler CARRIED

## TURNOVER

Turnover has been steady which reflects the mild weather so far. A mild winter has been forecasted so hopefully turnover will not drop drastically. However, the heavy rain bomb of 29/30 May is reflected in week 12 figures. Vets were here Thursday 20-May which gave a boost in green fees/bar sales.

Turnover graph follows below:

### WEEKLY TURNOVER
